STANDARD HOLDING CO
شركة المعيار الدولي للفحص القابضة

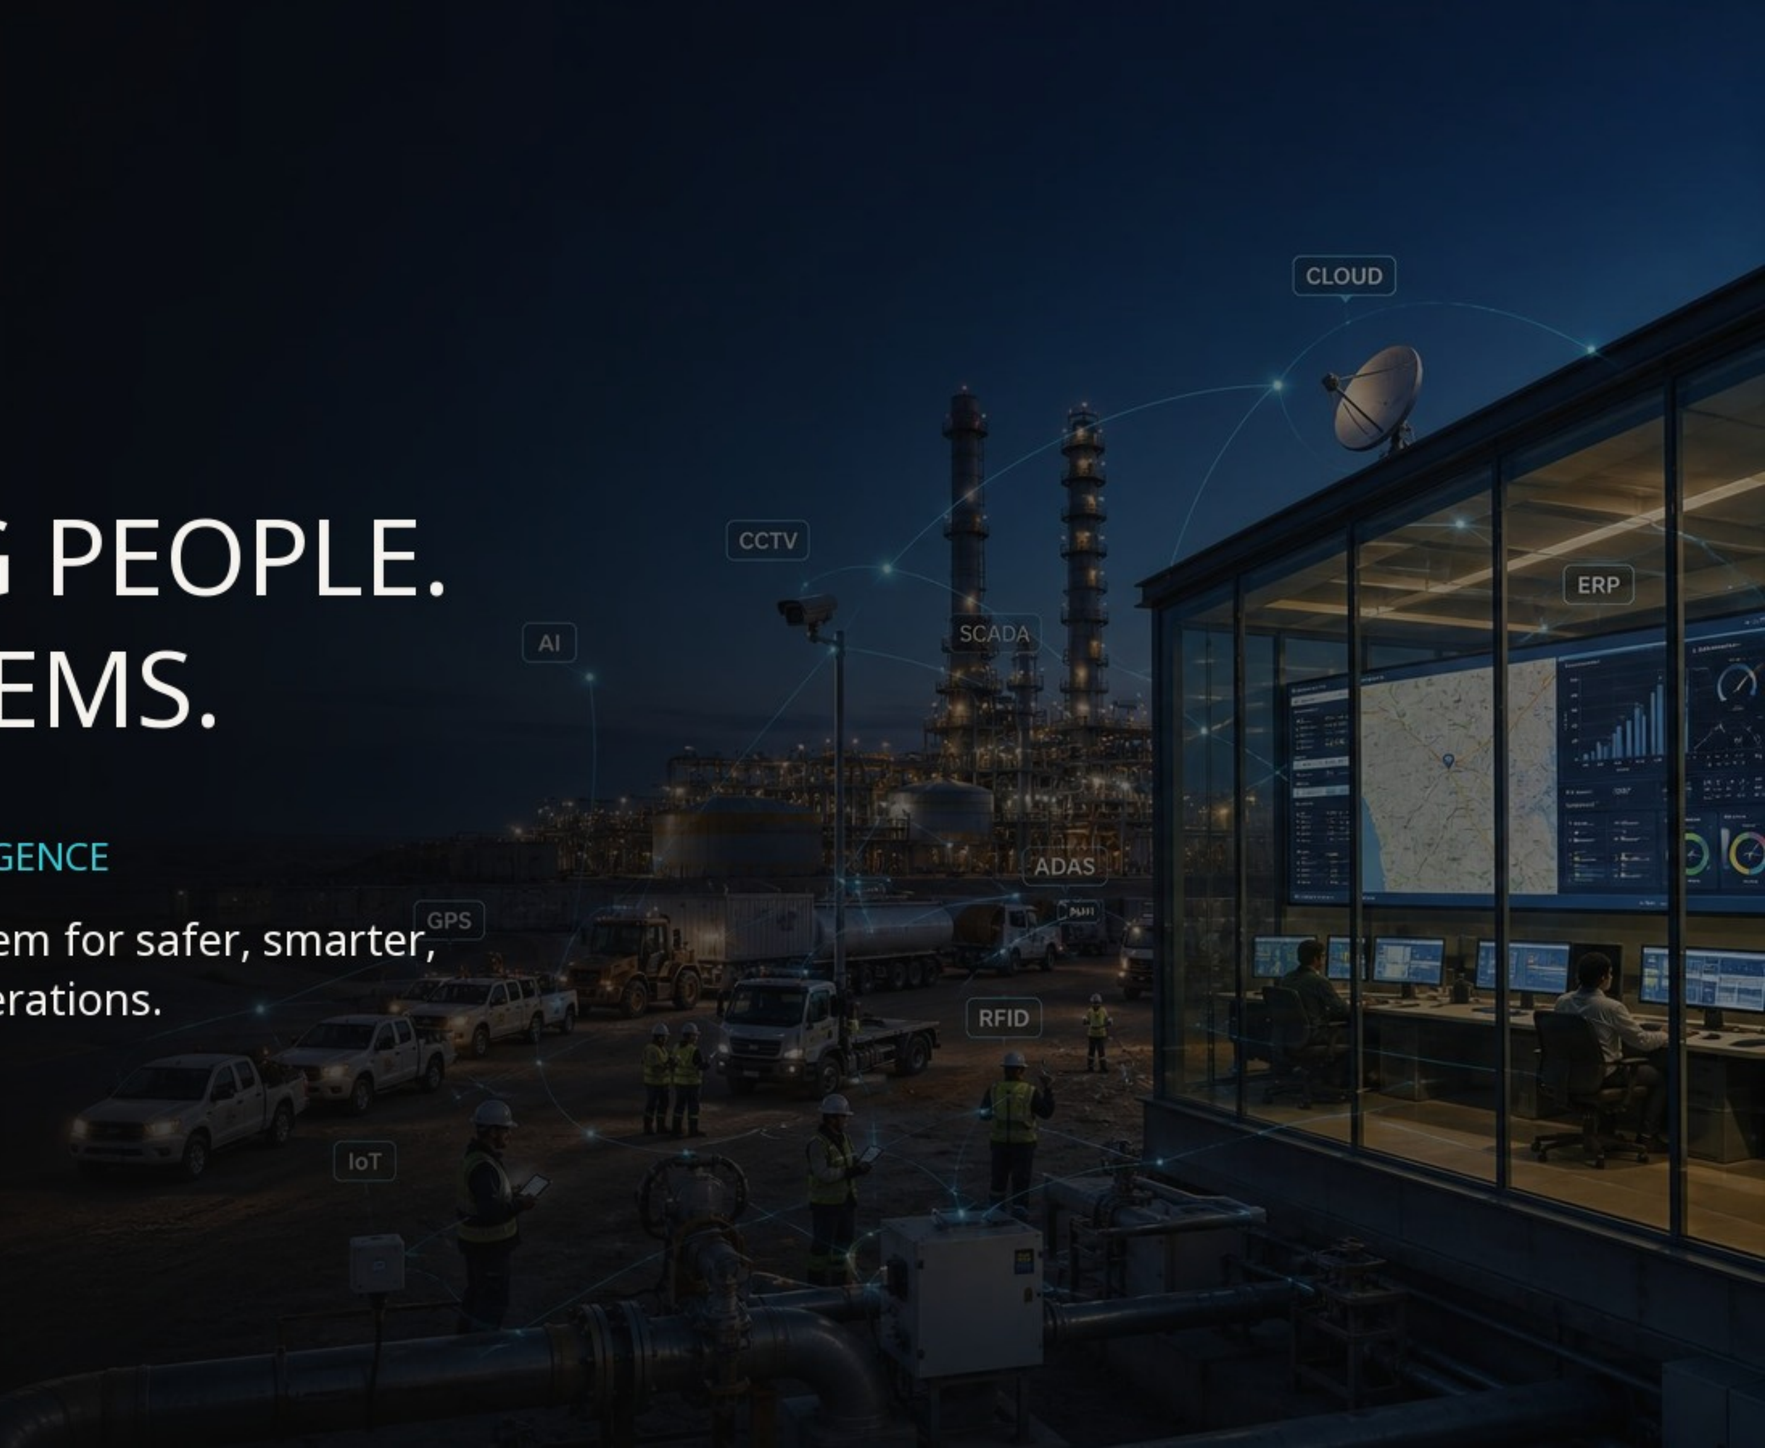

COMPANY PROFILE

CONNECTING PEOPLE. ASSETS. SYSTEMS.

AI • IoT • AUTOMATION • INTELLIGENCE

One trusted technology ecosystem for safer, smarter, and more efficient industrial operations.

SAUDI ARABIA • GCC • GLOBAL DELIVERY VISION

COMPLIANCE & CERTIFICATIONS

Built on trust. Proven by standards.

Certified, licensed, and aligned to the requirements of industrial-scale delivery.

ISO 27001

Information Security

ISO 9001

Quality Management

ISO 14001

Environmental Management

ISO 45001

Occupational Health & Safety

CST

Licensed & Regulated

SAIS

Information Security

MONSHAAT

Vision 2030 Ecosystem

TRUSTED BY INDUSTRY LEADERS

Proven across demanding operations

Selected customers spanning mining, drilling, logistics, retail, geoscience, and enterprise operations.

- Ma'aden
- Juffali
- Drill Corp Saudi
- Drilling & Exploration
- Fleet Space Technologies
- Tahreez
- Golden Compass
- Simcoe Geoscience
- Darkstone
- Giordano
- Speedex
- Safana Co.

CONNECTED OPERATIONAL ECOSYSTEM

One partner. Every operational layer.

We connect the physical and digital enterprise—turning fragmented signals into coordinated intelligence.

01 **PEOPLE**
Workforce • Identity • Competency

02 **VEHICLES**
Fleet • Journey • Driver Safety

03 **ASSETS**
Tools • Equipment • Materials

04 **MACHINES**
PLC • SCADA • IIoT Sensors

05 **BUSINESS SYSTEMS**
ERP • Workflows • Data

SECURE BY DESIGN | OPEN & INTEGRATED | SCALABLE & FLEXIBLE | AI-POWERED INSIGHTS

ONE PLATFORM. ONE ECOSYSTEM. ENDLESS POTENTIAL.

VIEW ECOSYSTEM

iTagNest

Smart Identity • Asset Intelligence • Workforce Safety

Protect People. Secure Assets. Stay Connected.

Protect people, secure assets, and monitor access through GPS, satellite, BLE, RFID, UHF, QR, and smart gate technologies.

CORE CAPABILITIES

- Personal Tracking
- Lone Worker Protection
- Asset & Tool Tracking
- Smart Gate Access
- Smart Attendance
- Geofencing & Alerts

EXPLORE ONLINE

iAmanTrack

Fleet Intelligence • Connected Mobility • Driver Safety

Smarter Fleets. Safer Drivers.

Unify vehicles, drivers, journeys, and remote operations with real-time fleet intelligence and AI-powered safety.

CORE CAPABILITIES

- Fleet & Satellite Tracking
- Vehicle Telematics
- Journey Management
- AI Dashcam & ADAS
- PWAS / Blind Spot Detection
- Fuel Monitoring & Body Camera

iBlueCircuit

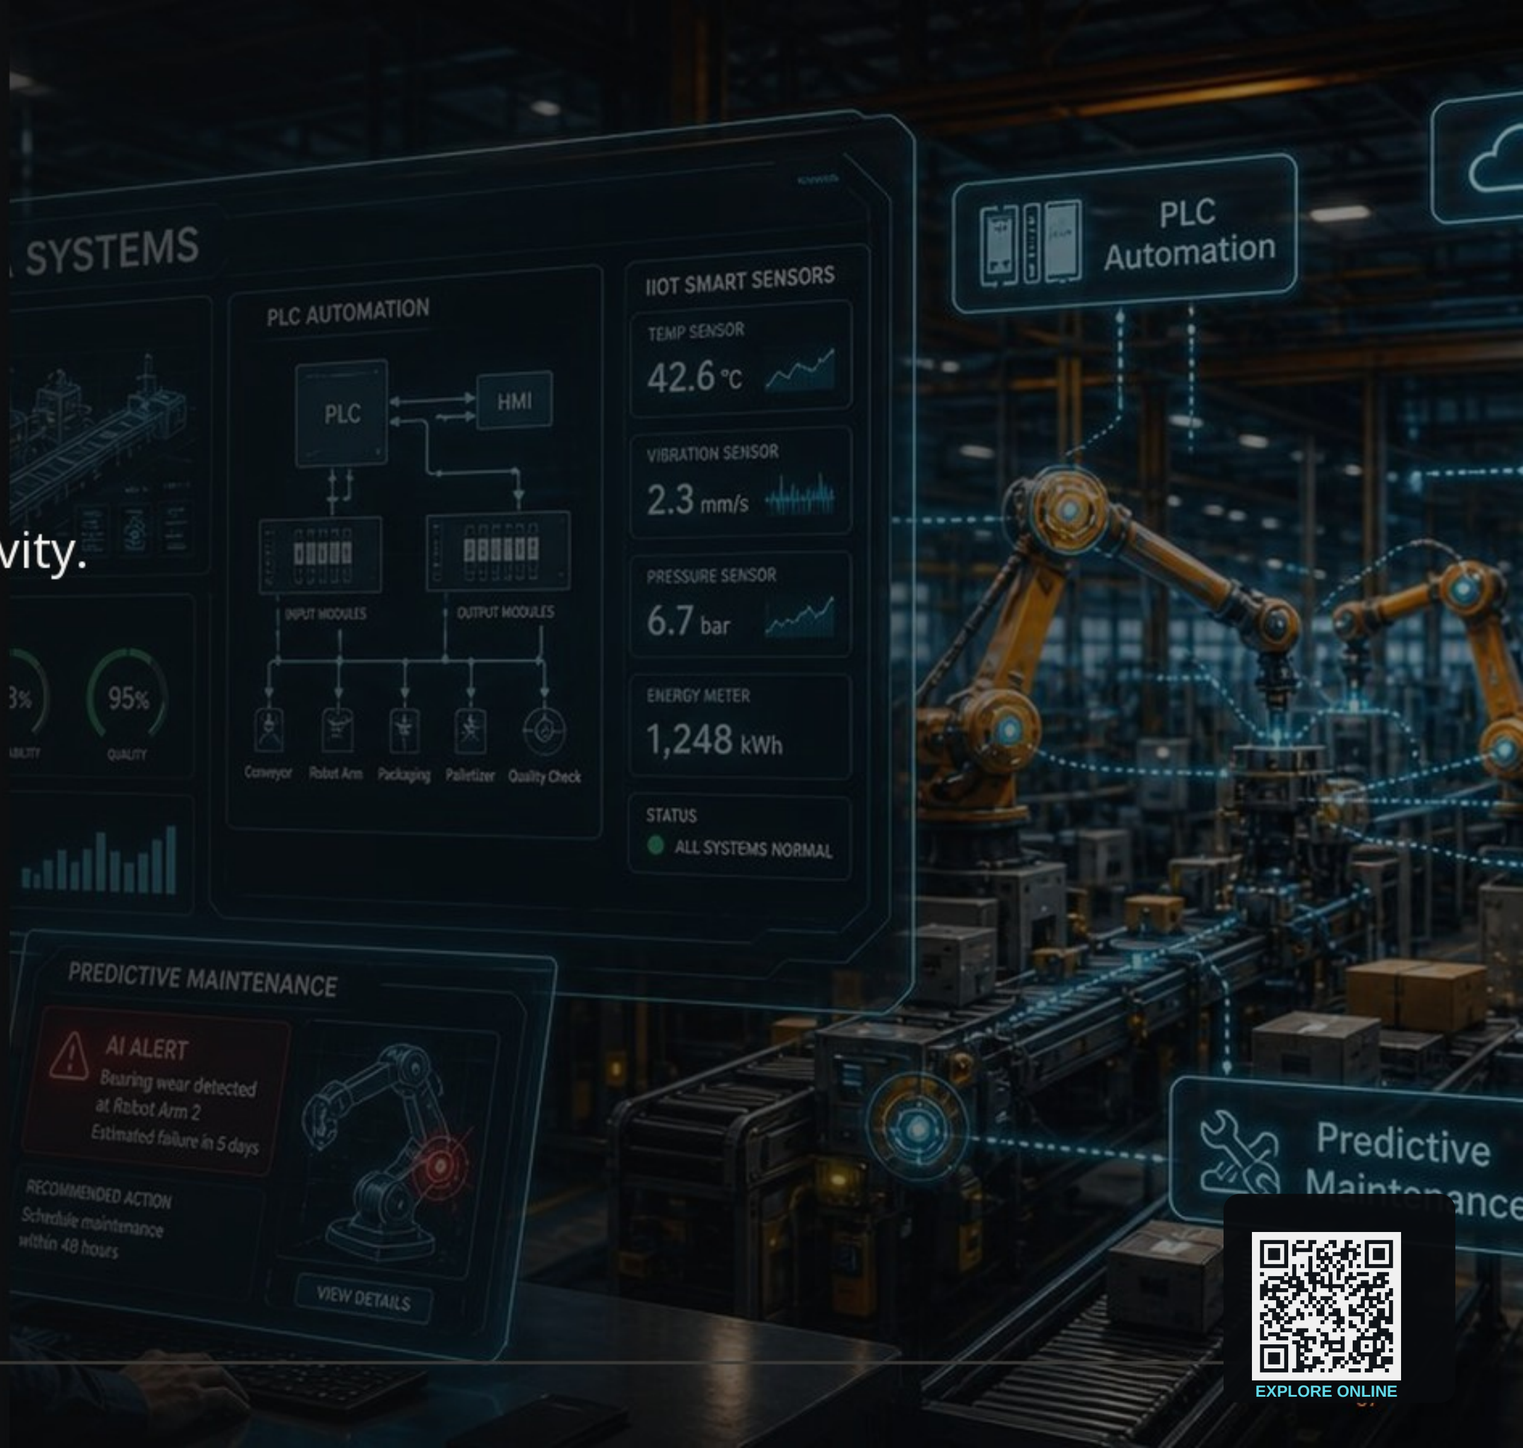

Industrial Automation • IIoT • Smart Manufacturing

Connecting Machines. Driving Productivity.

Connect machines, automate operations, and monitor industrial performance through PLC, SCADA, HMI, sensors, and IIoT.

CORE CAPABILITIES

- Industrial IoT
- PLC Automation
- SCADA Systems
- HMI Development
- Smart Sensors
- Predictive Maintenance

EXPLORE ONLINE

iCoreNexa

Enterprise Digital Transformation

Transform Business. Simplify Operations.

Unify finance, HR, warehouse, CRM, fleet, and workflows through connected enterprise platforms and integrations.

CORE CAPABILITIES

- ERP Implementation
- Odoo & Microsoft Dynamics
- CRM, HR & Payroll
- Warehouse Management
- Business Automation
- API Integration & Portals

EXPLORE ONLINE

iVizioWatch

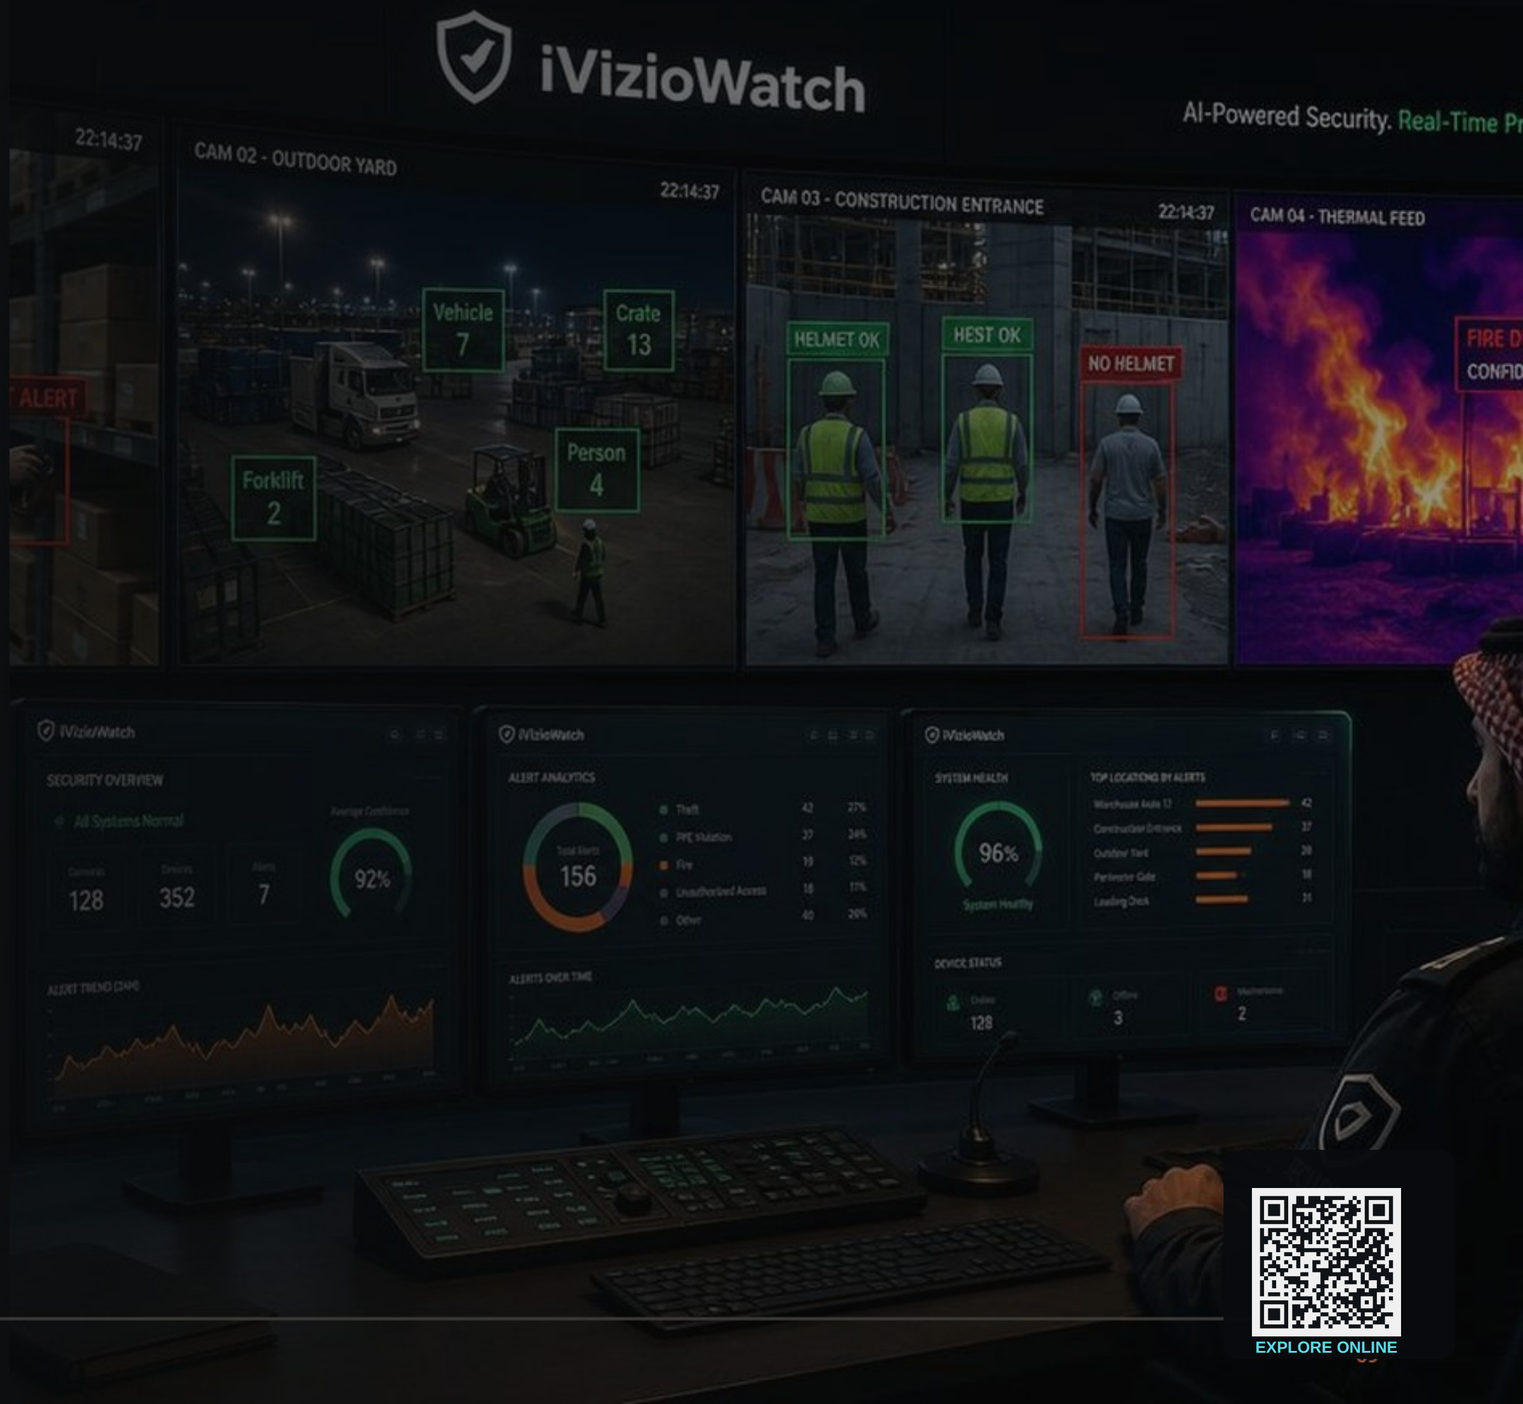

AI Surveillance • Smart Security • Command Centers

Intelligent Security That Never Sleeps.

Transform cameras into intelligent sensors that detect risk, enforce safety, secure zones, and coordinate response.

CORE CAPABILITIES

- AI CCTV
- AI Video Analytics
- AI PPE Detection
- Zone Protection
- Access Control
- Command & Control Center

EXPLORE ONLINE

iTechFoundry

Innovation • Engineering • Product Development

Turning Ideas into Smart Products.

Turn operational needs into purpose-built hardware, embedded systems, IoT devices, and production-ready products.

CORE CAPABILITIES

- Hardware R&D
- Product Prototyping
- Embedded Systems
- Custom IoT Devices
- OEM & ODM
- Product Engineering

iTrainSafe

Digital HSE • Compliance • Workforce Excellence

Building a Safer Workforce.

Digitize induction, training, competency, reporting, and safety analytics to build a more capable workforce.

CORE CAPABILITIES

- Digital HSE Induction
- Digital Safety Training
- Digital HSE Reporting
- Competency Management
- Certification Tracking
- Safety Analytics

EXPLORE ONLINE

Ai360

Enterprise Artificial Intelligence Platform

Talk. Ask. Automate. Decide.

Give teams multilingual AI assistants and intelligent agents that automate work, surface knowledge, and improve decisions.

CORE CAPABILITIES

- Voice AI Assistant
- Agentic AI
- OCR Automation
- Workflow Automation
- AI Reporting
- Enterprise Knowledge Assistant

EXPLORE ONLINE

WHY ISTANDARD HOLDING CO.

One accountable partner. End-to-end.

Built for organizations that need technology to work together—not as isolated products.

01 **One integrated ecosystem**
Eight specialized domains under one group.

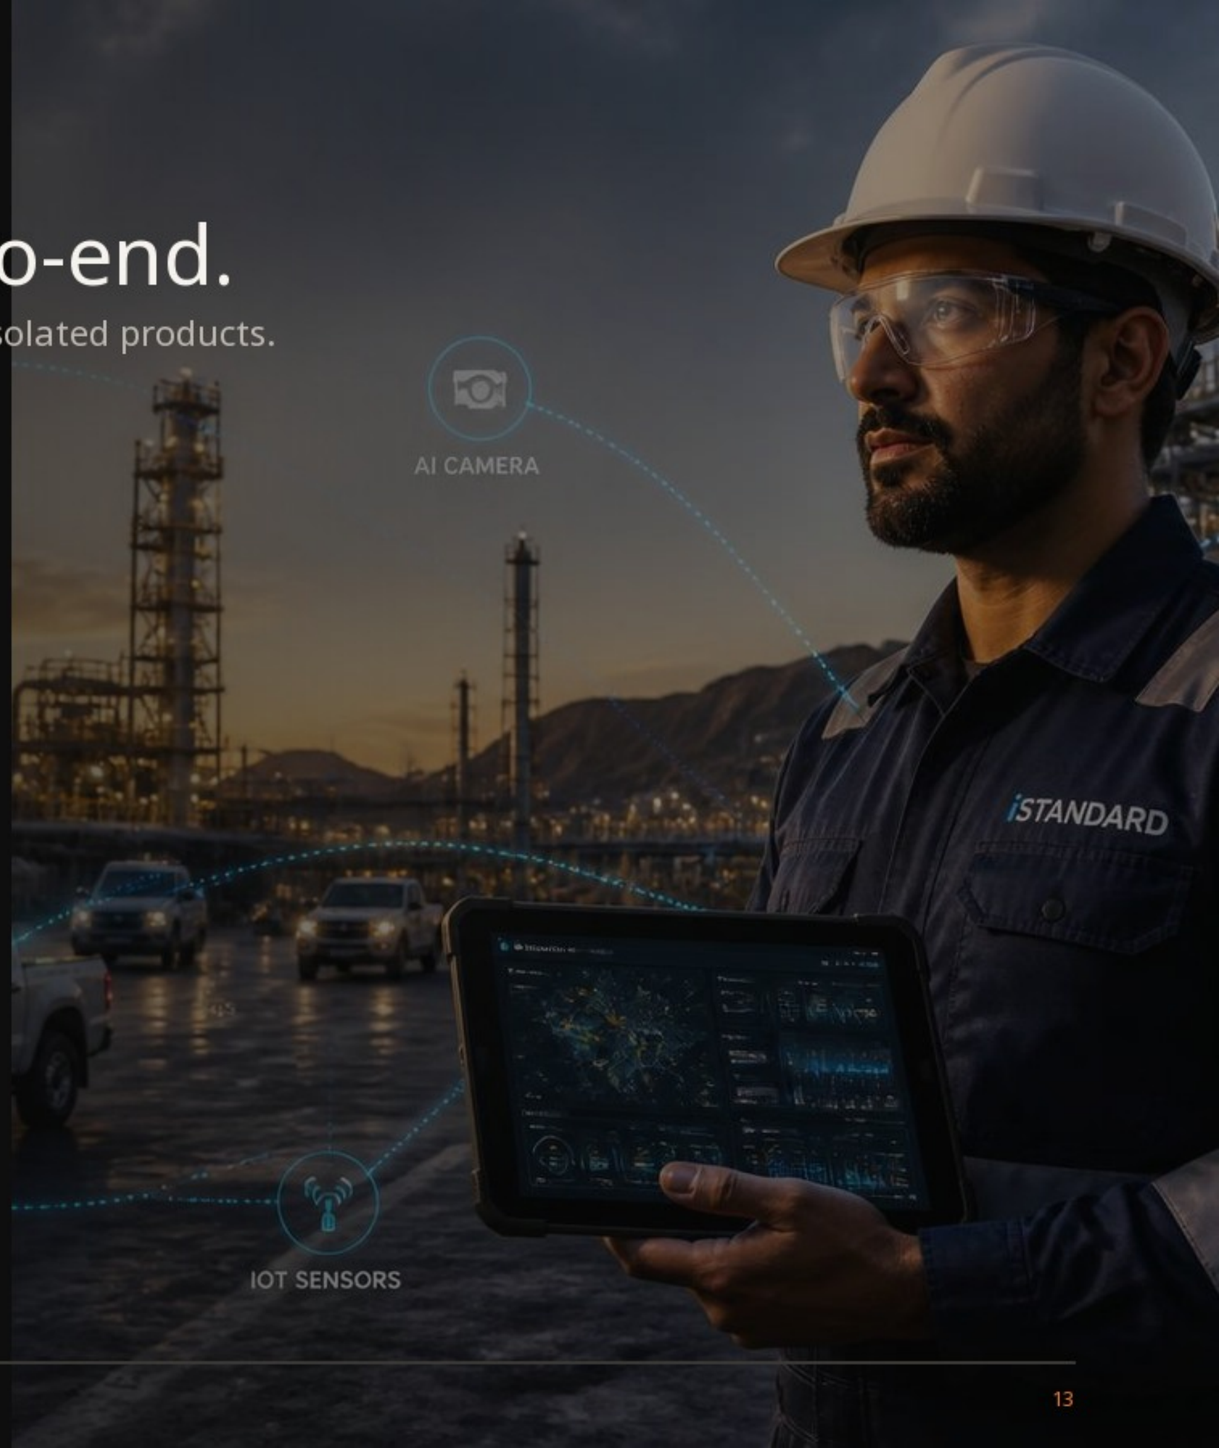

02 **Industrial & enterprise experience**
From field operations to the boardroom.

03 **Vendor-independent design**
The right technology for the outcome.

04 **Software, hardware & integration**
Custom engineering across the full stack.

05 **Local Saudi, regional delivery**
Kingdom-based support with GCC reach.

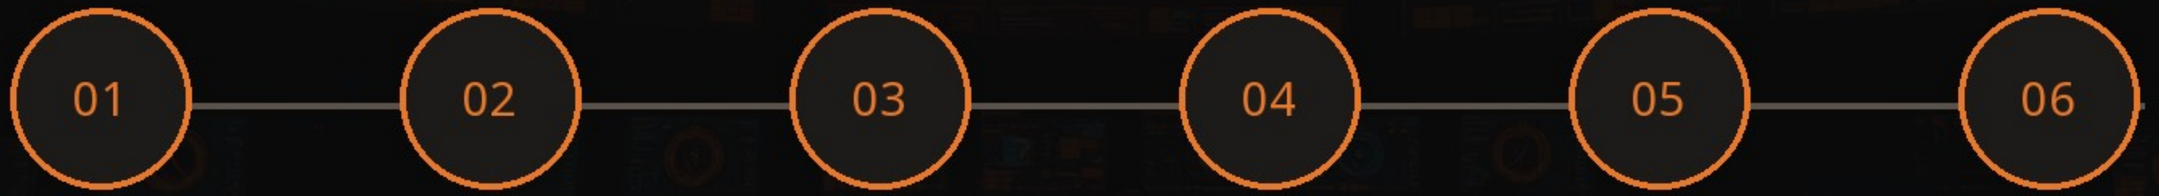

06 **Full lifecycle ownership**
Strategy, deployment, training, and 24/7 support.

HOW WE DELIVER

From operational challenge to measurable result.

Consultancy, engineering, software, hardware, integration, deployment, training, and lifecycle support.

DISCOVER

Understand context, constraints, and goals.

ASSESS

Identify risks, gaps, and value.

DESIGN

Architect the integrated solution.

INTEGRATE

Connect software, hardware, and systems.

DEPLOY

Roll out with minimal disruption.

SUPPORT

Maintain, optimize, and evolve.

FEATURED SOLUTIONS

Business outcomes, engineered end-to-end

Every solution is designed around safer operations, faster decisions, and lower total cost of ownership.

AI-Powered Industrial Operations

Predict risk, improve uptime, and act before issues escalate.

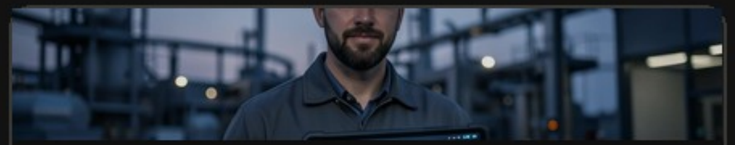

Smart Fleet & Journey Safety

Protect drivers, reduce incidents, and optimize every route.

Workforce & Asset Tracking

Know where people and critical equipment are in real time.

ERP & Business Automation

Unify finance, HR, warehouse, CRM, and operational workflows.

AI Surveillance & Command Centers

Turn cameras into intelligent sensors and coordinated response.

Digital HSE & Compliance

Digitize induction, training, permits, audits, and reporting.

EXPLORE SOLUTIONS

INDUSTRIES WE SERVE

Technology where it matters most

Trusted across the sectors that power nations and shape tomorrow’s infrastructure.

Mining & Exploration

Oil & Gas

Drilling

Manufacturing

Construction & EPC

Ports & Logistics

Transportation

Smart Cities

STRATEGIC TECHNOLOGY VENDORS

Global technology. Local accountability.

A vendor-independent approach allows iStandard to combine best-fit platforms, devices, and engineering for each operation.

EXECUTIVE MESSAGE

Technology with operational purpose.

> At iStandard Holding Co., we believe technology should not only connect systems, but protect people, improve decisions, and transform industries. Our mission is to bring AI, automation, safety, and digital intelligence together under one trusted ecosystem.

OFFICE OF THE CHAIRMAN

iStandard Holding Co.

iSTANDARD HOLDING CO
شركة المعيار الدولي للفحص القابضة

LET'S BUILD YOUR INTELLIGENT ENTERPRISE.

Partner with iStandard Holding Co. to transform safety, operations, automation, and business performance.
